

## ***Brackets, Side Mount***

European Style Epoxy coated slides arrived in the late 1970's and early 1980's and the need for specialized brackets for Face Frame cabinets was created.

**TENN-TEX** Plastics started manufacturing many different styles for a variety of slide manufacturers. Quicker installation and the ability to use the same bracket in various cabinet depths were among the biggest advantages. We manufacture one piece and two piece adjustable brackets. **TENN-TEX** Plastics offers you ***The Simple Solution*** for your Side Mount Bracket Applications.
