Cabinets More Convenient*

Sliding Susan[®]

Information & Measuring Guide

SlidingSusan®

FLEXIBLE and SIMPLE

it doesn't get any easier than this!

The only product that can give you years of problem free service AND install in 5 minutes.

Do you have a cluttered mess in your cabinetry? Are you tired of digging around when you need something? How much is your time worth? Would you like to become quickly organized and stop wasting your valuable time? The patented SlidingSusan® is the answer for you, an extremely easy to install, rollout drawer unit. This product is constructed by Top Drawer Components using a UV coated Baltic Birch dovetail drawer with Blum® Solo undermount drawer guides. The result is a furniture grade drawer product with a 100 lb. capacity that will provide years of trouble free use. The SlidingSusan® will clean up the clutter in any cabinet area. Installing in minutes, the SlidingSusan® is the industry leader for ease and time of installation. *It doesn't get any easier than this.*

PRODUCT SPECIFICATIONS

SIZE:

SlidingSusan® drawers are available in these widths: 12", 14", 16", 18" or 20"

The 18" depth fits most bathroom vanity cabinets.

NOTE: Minimum inside depth of cabinet must be at least 19 1/2"

The 21" depth fits most kitchen cabinets.

NOTE: Minimum inside depth of cabinet must be at least 22 1/2"

The standard SlidingSusan® height is 3" tall.

CONSTRUCTION

All SlidingSusan® drawers are made with very durable 9 ply Baltic Birch plywood. It will provide years of service. The drawers are assembled using only the English Dovetail which has been the hallmark of quality in fine furniture and cabinetry for centuries with a fully captured bottom in a groove. We top it off with a 100% solid, environmentally friendly, multi step, UV clear coating. Your finish meets the most stringent environmental guidelines; it is durable, resistant to moisture, scratches and easy to clean with a moist cloth. For the roller system we use only the industry leader Blum® Solo powder coated under-mounted guides. They have a weight bearing capacity off up to 100 pounds. The SlidingSusan® is built to give you years of trouble free usage.

How to Measure Your Cabinets for a SlidingSusan®

Use the ruler at the top of this page to determine which size of SlidingSusan® you'll need for your cabinetry.

- A. Measure the inside WIDTH of your cabinet - from side to side. *See picture A*
(RED arrows on ruler are standard SlidingSusan® widths)
- B. Measure the inside DEPTH of your cabinet - from front to back. *See picture B*
(GREEN arrows on ruler are standard SlidingSusan® clearance depths)
- C. Use that WIDTH and DEPTH to determine which size of SlidingSusan® will fit best in your cabinetry.

Available SlidingSusan® widths are: 12" - 14" - 16" - 18" or 20".

All sizes are available as either a (21" depth) Kitchen SlidingSusan® or (18" depth) Bath Vanity SlidingSusan®

Place the base on the bottom area of your cabinet and line up with the front inside edge of cabinet trim. Screw in and tighten the 4 provided screws in the pre-drilled holes. (if you need to install on an adjustable shelf, please see the special instructions on website). www.slidingsusan.com

Slide the drawer on to the tracks.

Neatly stack your things into your new SlidingSusan® and ENJOY!

Installing Your SlidingSusan®

Clear everything out of the cabinet area where you are going to install. Open the box. Easily slide the drawer from the base and put the drawer off to the side for now.

NOTE: When installing a SlidingSusan® on an adjustable shelf, locking shelf clips are required to prevent shelf from tipping.

A great product starts with A GREAT COMPANY

SlidingSusan® is crafted by the nation's top expert in dovetail drawers, Top Drawer Components, Inc. (TDC). Started in 1989 with the goal of making only quality dovetail drawers, they have stayed true to their vision. TDC is the premier outsourcing partner for cabinetmakers, home builders, commercial and fine furniture manufacturers, architectural millwork firms, closet installers and interior designers.

WE GUARANTEE YOUR SATISFACTION

TDC stands behind their quality craftsmanship. They proudly offer a Lifetime Guarantee against defects in material and workmanship for your SlidingSusan® for as long as you own your home.
